

Loving each other

THAT IS THE SOLUTION

by: Ana Secnini

In the beginning...
the world was like
a paradise
All was peace

But the
selfishness
of people
grew...

and grew.....

... until, as time passed, people lost sight of the beauty of the soul of the world.

Aggression, hatred, wars and all manner of evil took possession of the world.

Still, there were some (perhaps they were angels) who remembered, and spoke of love and the power of loving one another.

*And the seed of love and
beauty also grew... and grew...
and blossomed and spread..*

*Until the whole world was once
again alight with their brilliance.*

*Now its people lived in harmony
again and the world was a Paradise
once more.*

*Together, loving one another.
we can!*
